

# SERVICE SITE PLACEMENTS

Catholic Volunteers in Florida has positions available in youth development, teaching and tutoring, pastoral ministry, special education, community engagement, social work, farmworker and immigrant services, public health, criminal justice reform, and more.

Our service site placements are located throughout the entire state from North Florida to the Tampa Bay area, Central Florida all the way down to Miami. We even have international placements in the Dominican Republic!

**CVIF takes the process of pairing a volunteer to a service site seriously; we match each volunteer's skills, education and interests with those of the service sites participating in the program. Our goal is to find a placement for each volunteer, that best fits the volunteer's skills with the needs of the service site. CVIF's commitment to you is that you will be safe and have staff support and mentorship at all times.**
